REPORT OF THE

BABIES' WARDS

POST-GRADUATE HOSPITAL

303 East 20th Street, New York

To the Board of Managers of the Ladies' Auxiliary Committee of the Post-Graduate Hospital.

LADIES:

The year from October 1, 1922, to October 1, 1923, has brought to those in charge of the Administration of the Babies' Wards not a few problems and anxieties, but the record of 1,606 Admissions and 12,370 days Care seems conclusive evidence that we are still filling a vital need for aid and skilful attention on behalf of the suffering babies and young children of Greater New York.

Our greatest anxiety has been caused by a shortage of nurses in the Training School, which made it necessary to close one of our smaller wards for several months last winter, as we did not feel we could give proper attention to the usual number of children. I am happy to report that this difficulty is now removed. The Hospital has its full quota of pupil nurses and the Babies' Wards Department stands ready to receive patients to the limit of its capacity.

Various improvements and repairs have been made, all tending to modernize our surroundings and render our service more efficient.

We can speak with deepest appreciation of the splendid work done by our Head Nurse and her Assistants, as well as by all doctors associated with Babies' Wards.

The various committees of the Auxiliary have given freely of time and thought in carrying on their work, and we start our new year with every department in splendid running order.

REPORT OF THE CLOTHING COMMITTEE

October, 1922, to October, 1923

The duties of this Committee are to keep the "Babies' Wards" supplied with garments needed by children, up to the number of sixty, which is the capacity of the Wards—and of ages ranging from tiny infants to boys and girls of five and six years. They need things to wear in bed and when up and about the Wards—and also warm clothes for the roof. There is a supply for the children going home, who often need to be clothed, and also for the children sent from the Wards to Sea Cliff—to have them properly clothed for the trip there.

During the past year the Sewing Society of St. Thomas' Church and the Guild at All Souls Church have made up the garments for us, numbering hundreds of different articles. We are most grateful for their help. The Needlework Guild of America has given us great assistance. We received four hundred articles from them; many little warm caps, mittens, and outside things which fill countless gaps. We appreciate the annual gift from them very deeply, and the individual gifts from friends are also most useful.

We have a good supply now on the shelves to begin the winter, and we hope for help from the St. Thomas Society and the "Junior Emergency Relief Society" in making things up for next year.

The money received by our Treasurer, in generous response to our appeal, is used to buy materials to be made up into dresses, night-gowns, etc., and other things, like shirts, stockings, shoes, garters, and some underclothes, which we have to buy outright.

We hope that our friends will respond as generously this year, as we need the money; though we have still a balance on hand. The members of the Board quite generally subscribe, which we appreciate.

With grateful appreciation to all who have helped us, this report is respectfully submitted,

(Signed) Margaret Sparrow,
Chairman.

REPORT OF THE JUNIOR AUXILIARY COMMITTEE, 1923

The Junior Auxiliary Committee has supported a bed in the Babies' Wards with its Annual dues, three other beds are supported by individual members, one in perpetuity. The Committee supplied Thanksgiving and Christmas dinners for the children, of turkey, cranberry jelly, ice-cream and cake, fruit and simple candy. Through a member of the Committee the Needlework Guild of America sent its annual donation of new clothing, 661 garments this year, making an increase of 261 over last year.

The Visiting Committee spent many hours with the babies, they kept the Toy boxes and cupboards in order and supplied with new toys. They took charge of the Christmas celebrations in the Wards, supplying the trees and decorating them, and filling the stockings that hung on beds and cribs on Christmas morning.

This capable and enthusiastic little group has left us this Fall, with a desire for greater activity in other fields, and it is with the deepest regret that we accept their resignation and relinquish the idea of giving into their young hands the continuation of the work which our Committee started over thirty years ago.

I will close my report with a plea for toys and home-made jellies, which are always needed and most gratefully received.

For the Junior Auxiliary Committee,

MARY P. HAYDEN,

President.
